COS30031 – Task 1 – 2nd August 2023

Release Notes:

- Created New GitHub Repository named COS30031-2023-102608927 using personal account linked with student email.
- Downloaded and Extracted Task Folder into local GitHub repository folder.
- Committed and Pushed Repo changes.
- Updated README.md file

Issues I had to figure out:

- Changing Repository's Author Name and Email to my real name and student email address for commit evidence.
